

Ideas for Year 2 Home Learning

Thursday 18th July 2019

Dear Parent/Carers,

Where has the year gone? We have had a wonderful time with your children and will be sad to see them go but they are definitely ready of the challenges of Year 3.

This week we have looked at food chains and played a food chain challenge using the following link <https://www.bbc.com/bitesize/articles/z93vdxs> Your child might like to have a go as there are different habitats to build food chains for.

Over the summer holidays, it would be great if your child could continue to play Times Tables Rockstars and Sparks to keep working on their times tables recall. Also, keep up the reading! Local libraries are running the summer reading challenge again this year <https://www.librariesunlimited.org.uk/news/space-chase-summer-reading-challenge/> They are also running lots of activities to keep children busy so it is worth dropping in to sign up for the reading challenge and to see what is happening.

On the back, we have given you a selection of fun ideas to use if the children are bored or in the unlikely event of wet weather! Fingers crossed that the sun will shine for us all.

We wish you a restful holiday with your family and friends,

Best wishes,

The Year 2 Team.

Summer Holiday Home Learning

<p>Do bubble paintings using straws, paint and washing up liquid.</p>	<p>Make a seasonal fruit smoothie.</p> 	<p>Cook sausages on a BBQ (with an adult).</p>	<p>Go for a walk and take a picnic (you could help to make the picnic!).</p>	 <p>Visit the local library.</p>
