

Dear Parent/Carers,

Please find below some ideas for guiding your child's learning at home. Please encourage your child to choose and complete at least one task from the options, with your support.

The home learning can take any form, on paper, photographs, presentations or videos. Remember, you can email photos or your observations of your child's Home Learning to: y1homelearning@exwickheights.devon.sch.uk We would love to see it and share it with the class.

**This week, we have focussed on the theme of 'ourselves'.
Choose and complete one or more of the activities below:**

- Perhaps you could draw a picture of your house and label it.
- Create a family portrait – use whatever materials you like!
- Do something as a family – maybe share a book, or sit down for a meal and talk about how you've found your first week back at school. Go on a walk or play a game together.
- Create a poster showing how to wash your hands properly.
- Draw around all of your family member's hands. Can you fit them inside each other?

If you have any questions, please speak to your child's class teacher.

Thank you! And we look forward to seeing what you create.
